

## Off-Farm Greenhouse Register

**Form:** OFGR

**Update:** New applicants, significant changes

**Instructions:** This form is to be utilized to maintain an audit trail for transplants that are grown for your operation by another certified organic greenhouse for the current year. The USDA organic regulations included in 7 CFR § 205.204 require that organic producers use organic seeds, annual seedlings, and planting stock. Please complete this form with the information requested in the table below and have all supporting documentation (service receipt, greenhouse certificate, seed documentation, etc.) available for viewing during your inspections.
