

# 2025 North American International Livestock Exhibition - Open Swine Show and Sale Health Requirements

With heightened awareness and concerns surrounding foreign animal diseases (FADs), following all health requirements is critical. Veterinarians and exhibitors must take extra precaution to ensure the health of their animals. All animals attending North American International Livestock Exhibition - Open Swine Show and Sale must be inspected by a licensed and accredited veterinarian before departing for the show.

Failure to meet all animal health requirements will result in removal of animals from the exhibition premises. North American International Livestock Exhibition - Open Swine Show and Sale staff and/or the Kentucky State Veterinarian are authorized to make the final determination of an animal's eligibility for exhibition.

The following animals are not eligible for exhibition in Kentucky:

- Animals that originate from a herd that is under quarantine
- An animal prohibited from exhibition under any law or order
- Any animal classified as a brucellosis "suspect"
- Animals showing signs of any infectious or communicable disease or that are a health hazard to people or other animals
- Any animal that does not meet Kentucky animal health requirements

Any animal that develops or shows signs of any infectious or communicable disease during exhibition must be removed from the premises, including the surrounding exhibition grounds. An owner who is disputing the exclusion of his/her animal(s) from exhibition may not exhibit the animal in question pending any appeal.

## Requirements for ALL Swine

1. All swine (including delivery animals) must have a properly completed Certificate of Veterinary Inspection (CVI) **prior to entering** the Kentucky Expo Center. Animals without the proper documentation will be denied access to the venue.
  - a. CVIs must be completed by a licensed and accredited veterinarian who has personally inspected the swine.
  - b. A CVI must be issued on or after October 29, 2025.**
  - c. CVIs must clearly include a description of each animal including the age, sex, and breed of the animal, and the official individual identification (see Section 4 below).
  - d. CVIs must be accessible while on the exhibition premises.
  - e. **PERMIT REQUIREMENT:** Exhibitors from outside of Kentucky that are entered in the North American International Livestock Exhibition - Open

Swine Show and Sale MUST get a permit number before coming to the show. To obtain a permit number, a licensed, accredited veterinarian must call the Kentucky State Veterinarian's Office at 502-782-5901 OR by going to <https://www.kyagr.com/statevet/animal-movement.html>

- f. (ALL ENTRIES originating from outside of Kentucky are **REQUIRED TO OBTAIN A PERMIT NUMBER 7 DAYS FROM ARRIVAL TO THE SHOW OR AFTER WEDNESDAY, OCTOBER 29, 2025**)
2. All swine and their respective original CVIs will be inspected by the Office of the State Veterinarian, show veterinarian and show staff prior to unloading. Multiple animals may be listed on one original CVI. *Photocopies of CVIs can be made during show check-in for each animal after the show veterinarian has approved CVIs upon arrival.*
3. CVIs for this event MUST include the following:
  - a. The consignee/destination address as: North American International Livestock Exhibition - Open Swine Show and Sale, Kentucky Expo Center, 937 Phillips Lane, Louisville, KY 40209-1398.
  - b. The date (month, day, year) of vaccination and/or testing when required
  - c. The premises ID number for the consignor/origin
  - d. The cell phone number of the veterinarian who issued the CVI
  - e. The following statements for the farm or origin of swine:
    - Has not had pseudorabies or swine dysentery in the last 12 months
    - Has not had any clinical signs or diagnosis of TGE or PEDv in the last 60 days
    - Feeds no raw garbage and uses no PRV vaccine
    - Is not under quarantine for any disease condition
    - Has not had vesicular stomatitis diagnosed within 10 miles of farm or origin in the last 30 days
4. Identification
  - a. All swine being exhibited at North American International Livestock Exhibition - Open Swine Show and Sale MUST be officially identified with an official, federally approved ear tag. All official identification and any additional identification devices MUST be recorded on the CVI. RFID 840 ear tags are the standard for exhibition swine in Kentucky.
  - b. In addition to official identification, each animal shall be individually identified by ear notch, which MUST be listed on the CVI.
  - c. Animals not bearing an official ID will not be granted access to North American International Livestock Exhibition - Open Swine Show and Sale.
  - d. For more information on federally recognized ear tags, visit <https://nationalswine.com/events/ear-tags.php>

## 5. REQUIRED TESTS:

### **A. OPEN SHOW ANIMALS (North American International Livestock Exhibition - Open Swine Show and Sale BOARS & GILTS):**

- 1. PSEUDORABIES (PRV) TESTING: ALL OPEN SHOW ANIMALS ENTERED IN THE North American International Livestock Exhibition - Open Swine Show and Sale MUST** be individually tested for PRV on or after Wednesday, October 8, 2025 **UNLESS** animals come from a PRV-qualified herd.
  - a. All official identification of animal (sex, ear tag and ear notch) needs to be included on the pseudorabies test chart.
  - b. Animals must test PRV-negative with all results on the dated CVI.
  - c. The official PRV test chart must be provided along with your CVI.
  - d. Either the ELISA (gB ELISA), ALA or S/N tests are acceptable. Differentiable ELISA (g1 ELISA) test will NOT be accepted.
  - e. **If OPEN SHOW ANIMALS come from a PRV qualified herd, individual testing of each animal is not required.** In this case, the PRV qualification numbers must appear on the health certificate and the most recent quarterly herd test date (month, day and year) must be stated on health certificate.
- 2. BRUCELLOSIS TESTING: ALL OPEN SHOW ANIMALS ENTERED IN THE North American International Livestock Exhibition - Open Swine Show and Sale MUST** be individually tested for brucellosis on or after Wednesday October 8, 2025, **UNLESS** animals originate from a validated brucellosis free herd.
  - i. Animals must test brucellosis negative with all results on the dated CVI.
  - ii. If the herd of origin is brucellosis validated, the validation numbers must appear on the CVI and the most recent quarterly herd test date (month, day and year) must be stated on the CVI.
  - iii. The RAP, Standard Plate, Standard Tube or BAPA brucellosis tests are all accepted.

\*Although the state of Kentucky does not require swine to be individually tested for PRV and brucellosis for entry, some states animals may be sold to have additional testing requirements for reentry.

\*Please remember, gilts exhibited in the North American International Livestock Exhibition - Open Swine Show and Sale MUST be tested negative for PRV and brucellosis, **UNLESS** they come from a qualified, validated herd in order to meet entry requirements for potential buyers.

## 6. Vaccinations

- a. All breeding swine MUST be vaccinated against erysipelas and leptospirosis (6-way), including *L. bratislava*.
- b. It is highly recommended that all animals, including market animals, are vaccinated against swine influenza.
- c. The date(s) of vaccination (month, day, year) MUST be listed on the CVI.

In some instances, these requirements are in addition to the state of Kentucky regulations. However, they are necessary in meeting other state requirements for purchasers of open show animals through sales as animals are reconsigned to new destinations.
